

Specifically manufactured for healthcare and laboratory workers, as well as other professionals, our handcare products are designed to kill harmful bacteria and prevent skin irritation caused by frequent washing and gloving.

Thermo Scientific AlcoSCRUB™

Instant Antiseptic Hand Cleanser

Thermo Scientific AlcoSCRUB is 99.99% effective against a broad spectrum of microorganisms. Formula contains Vitamin E and aloe to soften the skin. AlcoSCRUB is fragrance free, leaves no sticky residue, is mild on hands and absorbs completely. Gel is ideal for situations where soap and water are not available. Fast-acting antimicrobial strength: 62% ethyl alcohol. Meets CDC Guidelines and has a shelf-life of 3 years.

Kill Time Study

To determine Thermo Scientific AlcoSCRUB's effectiveness against a broad spectrum of harmful microorganisms, a Microbial Kill Time Study was conducted. This test measures the amount of microbial kill of ten different microorganism strains at 15, 30 and 60 seconds.

Test Organisms	Percent Reduction 15 Seconds	Percent Reduction 30 Seconds	Percent Reduction 60 Seconds
Pseudomonas aeruginosa	>99.99%	>99.99%	>99.99%
Staphylococcus aureus (MRSA)	>99.99%	>99.99%	>99.99%
Serratia marcescens	>99.99%	>99.99%	>99.99%
Salmonella typhi	>99.99%	>99.99%	>99.99%
Listeria monocytogenes	>99.99%	>99.99%	>99.99%
Escherichia coli	>99.99%	>99.99%	>99.99%
Candida albicans	>99.99%	>99.99%	>99.99%
Aspergillus Niger	>99.99%	>99.99%	>99.99%
Enterococcus faecium (VRE)	>99.99%	>99.99%	>99.99%

Active Ingredient: Ethyl Alcohol 62%

Inactive Ingredients: Water, Glycerin, Propylene Glycol, Isopropyl Myristate, Aloe Barbadensis, Carbomer, Tocopheryl Acetate (Vitamin E), Triethanolamine.
