

November 13, 2009

Subject: Global Discontinuation of the Thermo Scientific Model PRO400 Full Extractive Probe Announcement.

Dear Valued Customer,

We wish to notify you of the pending discontinuation of the Thermo Scientific Model PRO400 Full Extractive probe. The replacement for this product is the Model PRO3000 full extractive probe.

Production of the Thermo Scientific Model PRO400 probe will cease on November 13, 2009, at which time orders for the product will no longer be accepted.

Thermo Fisher Scientific stands behind its Model PRO400 probe, and we intend to provide service parts support and accessories for affected models, based on availability, for the next two years (ending December 31, 2011).

We look forward to the continuing opportunity to serve our Model PRO400 Customers, and assisting them through this product transition.

Sincerely,

David A. Clifford
Product Manager
Thermo Scientific Source Monitoring Probes
