

Thermo Scientific Orion Online Calcium Monitor Calibration Kit

The Thermo Scientific Orion online calcium monitor calibration kit, Cat. No. 182049, includes the required equipment for calibrating the Thermo Scientific Orion calcium monitor.

Ordering Information

Cat. No.	Description
182049	Calibration kit, includes carrying case, 0.5 mL pipette, box of pipette tips, wash bottle, 2 oz bottle calcium standard 1, 2 oz bottle calcium standard 2, 2 oz bottle reference electrode filling solution, diffusion tubing with O-rings, diffusion bottle adapter and inlet filter
182040	Standard solution kit, includes (2) x 2 oz bottles of calcium standard 1 and (2) x 2 oz bottles of calcium standard 2
181030	Acid reagent, 2 liter bottle
181060	Diffusion tubing with O-rings, 3 months supply
182051	Consumables kit for one year operation, includes (6) x 1 liter bottles acid reagent and (6) x 2 ft long diffusion tubing with O-rings, standard solution kit calcium electrode, reference electrode, 2 oz bottle reference electrode filling solution O-ring kit, diffusion bottle adapter, check valve, pipette tips, restriction tube assembly and inlet filter with gaskets
100049	Calcium electrode with screw cap connector
100056	Reference electrode with screw cap connector
181073	Reference reference electrode filling solution, 5 x 2 oz bottles
204847-001	0.5 mL pipette
204846-001	Pipette tips, box of 100
504015-A01	Adaptor and seal plate assembly
