

Thermo Scientific Services Validation for Laboratory Equipment

Selecting the right validation supplier for your equipment is important for the success and efficiency of your laboratory. With our services you receive a full range of GLP/GMP validation capabilities along with:

Improved Productivity

Our factory-developed protocols allow you to start the review process before the equipment arrives, increasing product uptime.

Single-Vendor Convenience

We offer installation, validation and annual re-qualification of your laboratory equipment.

Peace-of-Mind

Our factory-certified validation technicians are product experts with experience and knowledge in cGxP environments.

No Charge, Re-qualification Guarantee

We will requalify your unit, at no charge, if a key component fails while under warranty or an approved service contract.

Get productive. Stay productive — with Thermo Scientific Services.

Our validation services deliver improved productivity, convenience, peace of mind, and budget protection — all from a single and reliable source, Thermo Scientific Services.

Our validation services include —

- Certified validation technician with “factory direct” equipment expertise and in-depth experience in cGxP environments.
- Factory-developed protocols approved by our design engineers and written to FDA standards.
- Validation Package includes:
 - > *Specification sheet with tests and deliverables*
 - > *Protocols for cGxP requirements*
 - > *Unit specific Operations/Maintenance Manual*
 - > *Critical pass/fail analysis*
 - > *Performance charts*
 - > *Pre and post qualification reports for temperature recording devices*
 - > *Certificates of training on cGxP validation principles and Good Documentation Practices*
 - > *Certificates of calibration for all test equipment*

Thermo Scientific product names and product families covered by these plans include:

Product Names		Product Families	
Barnstead™	Lab-Line™	Biosafety Cabinets	Ultra-Low Temperature Freezers
Fisher Isotemp®	Lindberg/Blue M®	Centrifuges	Microplate Instruments
Forma®	Napco	CO ₂ Incubators	Ovens and Vacuum Ovens
Harris®	Precision™	Cryopreservation	Shakers, Stirrers and Mixers
Heraeus®	Puffer Hubbard®	Environmental Chambers	Vacuum Concentrators
Hybaid	Revco®	Freeze Dryers	Water Baths
IEC®	Savant®	Furnaces	Water Purification
Jewett®	Sorvall®	General Purpose Incubators	
Jouan		Refrigerators and Freezers	

Act Now! Ask your Sales Representative to add validation service to your equipment quote.

Service and warranty offering may vary in different countries due to local requirements. Please contact your sales representative for details.
